

In observance of Sexual Assault Awareness Month in April

Clothesline Project

The Clothesline Project, part of a national movement, is a visual display to raise awareness about the impact of Military Sexual Trauma (MST), sexual assault, and sexual abuse. Survivors decorate t-shirts in a way that reflects their experience of sexual trauma and recovery. Shirts are then hung side-by-side to “Break The Silence” and to raise awareness of the impact of sexual trauma. Both male and female Veterans are invited to participate in the Clothesline Project.
