

ANSWERS FOR VETERANS

Our goal is to increase awareness of Minority Veterans related issues!!

- ✓ Promote the use of VA benefits/ programs
- ✓ Initiate educational activities
- ✓ Target community outreach efforts
- ✓ Reach those within the Medical Center

The VA Medical Center is looking for more Vets to join us. We can work together to identify and make positive changes happen with access to various VA services. If you are a Veteran who has used or know someone who is in need of Services at the VA, we are looking for you to come and get involved! Perhaps, the information you may need, is only a question away.
