

West Palm Beach VA Medical Center Fact Sheet

The West Palm Beach VA Medical Center's health care system provides medical care and services to Veterans throughout South Florida and along the Treasure Coast. The main facility located in West Palm Beach is a 1c-complexity, general medical and surgical medical center providing a full range of patient care services, as well as comprehensive medical education and residency programs. The West Palm Beach VA Medical Center has top Medical and Nursing Affiliations and a partnership with both Nova Southeastern University and the South Florida Veterans Affairs Foundation for Research and Education.

All-inclusive health care is provided through primary care, emergency care and long-term care in the areas of medicine, surgery, mental health, physical medicine and rehabilitation, radiology, connected care (telehealth), dentistry, hemodialysis, a comprehensive Cancer Center and geriatrics and extended care.

The campus includes a 13-bed Blind Rehabilitation Service, which is the referral center for blind and visually impaired Veterans throughout Florida, a Community Living Center with hospice and palliative care, and a Domiciliary which provides residential treatment for Veterans with substance abuse and other mental and psychosocial issues.

The medical center has one outpatient clinic in Port St. Lucie and six contractor-operated, community-based outpatient clinics (CBOC) located in Boca Raton, Delray Beach, Fort Pierce, Okeechobee, Stuart and Vero Beach which provide primary care, mental health and select specialty care and services. The West Palm Beach VA Medical Center's Whole Health Program focuses on Veteran centric care, providing Veterans with proactive care and incorporates more alternative medicine options.
